Declaration of conformity with REACH

1. We confirm that we comply with the requirements of the EU REACH Regulation (EC) No. 1907/2006.
2. Should we purchase substances from outside the European Union / the European Economic Area, we assure that our customers do not have to act as importers according to REACH (e.g. by appointing an only representative on our part). Our only representative will assume all obligations of the importer including the registration.
3. All substances subject to registration, which are contained in our products and delivered to our customers, are registered by us or our suppliers.
4. We will continuously and regularly check the so-called "candidate list", which is published in accordance with Art. 59 Para. 1 and 10 of the REACH regulation, with the substances we process. If processed substances are classified as particularly worrying, we immediately fulfill our information obligations based on the REACH regulation.
